MANAGED CARE DEPARTMENT NOTICE DURABLE MEDICAL EQUIPMENT

(This includes items such as wheelchairs, hospital beds, walkers, nebulizers, quad canes, rollators, O2 tanks/concentrators, bedside commodes, etc....)

Due to the safety and health precautions of our clients, staff, and the general public, the CHC Managed Care Department is NOT accepting in-person prescriptions for medical equipment.

If you have been given a prescription for medical equipment, please call Managed Care at (601) 389-4280 or (601) 389-4284 and we can direct you to a local DME provider.

Please keep in mind these DME providers may have safe-guards in place for the drop off of your prescription.

For existing medical equipment repairs/problems: Please contact the medical equipment company directly if you have equipment that needs repairs, they will contact Managed Care if needed. Most equipment has a sticker on it with company name and phone number if you do not recall which company provided your DME.

We appreciate your cooperation at this time as we work to keep all CHC patients and staff safe and healthy.
